Cindi Bigelow  
Bigelow Tea Company  
201 Black Rock Turnpike  
Fairfield, Connecticut 06825-5504

Dear Cindi,

On behalf of Connecticut Green Building Council I would like to express appreciation to you for hosting the celebration of outstanding contributions The Bigelow Tea Company has made to sustainability, the Fairfield community and the world. Your family owned and operated company and its story are inspirational in these times of corporate irresponsibility. Because of your capable leadership and commitment to your customers and your employees, guided by strong ethical business practices, as well as your strong sense of environmental responsibility, CTGBC was honored to present you with our award.

Our members and guests enjoyed touring your facility under the knowledgeable guidance of Dean Hearst. He was most generous of his time in providing a thorough exploration of what makes Bigelow Tea distinctive and a close-up view of your impressive sustainable efforts, your solar PV system.

Congratulations again on your accomplishments. Best wishes for continued success.

Warmest regards,

Judy Swann  
Executive Director  
CT Green Building Council
